PERSONAL SUMMARY

Dynamic professional with extensive experience in full stack software development and technical management. Proven ability to leverage AI tools such as ChatGPT, GitHub Copilot, and Claude AI to enhance productivity and drive project success. Expertise in integrating Generative AI into daily software development processes for improved efficiency and innovation.

WORK EXPERIENCE

Technical Lead, 02/2025 - 10/2025

Photon Interactive Pvt Ltd - Bangalore, Karnataka, India

- Developing the server-side Api's using nodejs, javascript, typescript, postgresql, and aws services like API Gateway, Lambda, s3, etc.
- Mentored junior developers by providing guidance on coding best practices and tools.
- Conducted code reviews to enhance quality and adherence to established standards consistently.
- Implemented agile methodologies to improve project delivery speed and team collaboration effectively.
- Managed multiple tasks within tight deadlines while ensuring quality control throughout the process.
- Developed and maintained technical documentation for software systems using DotNet, [Node.js](#), postgresSQL, Python, and Gen AI.
- Analyzed system performance metrics to identify areas of improvement.
- Participated in architectural discussions regarding design decisions related to scalability and security.
- Designed software architecture for scalable applications using cloud technologies, Dotnet, NodeJS, Postgresql, And Javascript
- Integrated third-party services and APIs to enhance system functionality.

Senior Full Stack Developer, 02/2020 - 01/2025

Search Education - Delhi

- Drove development of server-side APIs using Asp.NET C#, Python, Node.js, SQL and MongoDB for robust backend systems.
- Directed design and deployment of front-end applications with React.js and Angular.js to enhance user experience.
- Managed multiple projects, including API development and CRM implementations, ensuring timely delivery.
- Led cross-functional teams in API integrations and website enhancements to improve functionality.
- Established documentation practices for project workflows, streamlining maintenance and support efforts.
- Utilized AI tools for expedited delivery, code optimization, and generative AI applications in coding tasks.
- Developed RESTful APIs facilitating communication among components of AI systems.

CORE COMPETENCIES

- Software Development Lifecycle
- Generative AI
- Requirement Analysis
- User Experience Design
- Performance Optimization
- Programming & Coding
- Database Management
- Cross-Platform Development
- Team Leadership
- Stakeholder/ Client Engagement

TECHNICAL SKILLS

Front-end Development:

- JavaScript
- React JS
- AngularJS
- HTML5
- CSS3
- SCSS

Back-end Development:

- [Node.JS](#)
- Python
- RestAPIs
- .Net C# MVC

Database:

- MSSQL
- MySQL
- Postgres
- MongoDB
- DynamoDB

Security:

- Security & Data Protection
- User Authentication & Authorization

Cloud & Infrastructure:

- Azure
- AWS
- Windows/Linux Server

Software Development Principles:

- Asynchronous Programming
- Scalable Application Design

Version Control:

- Github, GitLab
- BitBucket

Analyst (ASP.Net Developer), 08/2019 - 01/2020

Ernst & Young LLP - Gurugram

- Developed user-friendly portal using ASP.NET, C#, SQL Server and MongoDB to streamline client operations.
- Collaborated with cross-functional teams to gather requirements and create technical specifications for applications.
- Conducted thorough testing and debugging to ensure applications met functionality and performance standards.
- Provided ongoing support and maintenance for deployed applications, promptly resolving client issues.
- Engaged in continuous learning of emerging technologies to enhance development capabilities.
- Documented technical processes and user guides to improve client understanding of applications.
- Participated in project meetings to align progress with client objectives and address challenges.
- Contributed to training materials for end-users, improving application utilization efficiency.

ASP.Net Developer, 12/2018 - 06/2019

Bit-7 Informatics - Bhopal

- Developed web applications using ASP.NET MVC and SQL Server, delivering high-quality results.
- Collaborated with designers and front-end developers to enhance user experiences across applications.
- Conducted code reviews and testing to uphold coding standards and best practices.
- Migrated legacy applications to modern frameworks, improving functionality and user experience.
- Provided technical support, resolving client inquiries and troubleshooting issues promptly.
- Documented development processes and authored user manuals for client clarity.
- Participated in team meetings to address project status, challenges, and collaborative solutions.
- Engaged in continuous professional development to remain current with industry trends.

Assistant Manager and ASP.Net Developer, 02/2018 - 11/2018

Krish Imports - ECUADOR - Guayaquil, Ecuador

- Developed internal web applications using .NET C# and SQL databases to meet business needs.
- Enhanced existing functions based on prior experience within the organization.
- Coordinated daily operations to ensure efficient inventory management and product availability.
- Developed training programs for new staff to enhance team performance and knowledge.
- Monitored sales reports to identify trends and inform strategic decision-making.
- Provided guidance and support to junior staff members on daily tasks, projects, and objectives.

Customer Care Representative, 03/2017 - 12/2017

Motif India Infotech - Ahmedabad, India

Assistant Manager, 05/2013 - 09/2016

Krish Imports - ECUADOR - Guayaquil, Ecuador

Servers:

- Windows
- Linux

● EDUCATION

Bachelor Of Engineering : Electrical and Electronics Engineering, 07/2012

Rajiv Gandhi Technical University - Bhopal, Madhya Pradesh

● ACTIVITIES AND HONORS

- Developed and implemented a digital system tailored to company needs.
- Reduced manual workload by 70% through process automation
- Achieved a 40% cost reduction by streamlining operations
- Significantly increased employee productivity and processing speed
- Recognized for driving digital transformation and operational efficiency

● ACHIEVEMENTS

- Developed a CRM solution and integrated it into a website: Testifyi, completing the project within a month.
- Managed multiple pivotal projects simultaneously, ensuring timely delivery, resource optimization, and alignment with client objectives.

● PROJECTS DOMAIN

- E-commerce Platform
- Education CRM
- Informative Website
- School Management
- Payment Gateway
- Marketing/IT Website
- Digital marketing
- Finance Sector
